

# Interview Partner

## ☀️ Unique Job Opportunity: Interview Partner for a Senior Software Engineer ☀️

I'm a **Senior Software Engineer** based in Europe, looking for someone with **excellent English skills** to assist me in **job interviews** and help secure a new position. This exciting opportunity is perfect for someone who can dedicate a few hours daily and leverage their strong communication skills.

## About the role

**Attend Job Interviews:** You will participate in interviews on my behalf.

**Effective Communication:** Use your English skills to engage with interviewers and respond confidently.

**Full Preparation:** I will provide all technical background and details you need to succeed.

## Support Provided

**Technical Guidance:** I'll give you full technical support, including tools like AnyDesk for remote access.

**Detailed Preparation:** You'll receive all the necessary information before each interview.

**Remote Control Support:** During the interview, I will guide you by typing responses in real-time for you to read aloud.

## Compensation

**Monthly Pay:** Earn between **\$500 and \$1,000 USD** per month.

Open to discussing compensation for an **exceptional** candidate.

---

**Minimal Time Commitment:** Only a few hours each day are required, making it ideal for extra income.

For **software developers** looking for a **new position**, I offer **support** to help you **pass technical interviews**.

## Our Working Style

- I'll schedule interviews and provide you with preparation materials.
- On the day, I will remotely assist via AnyDesk, providing answers in real-time.
- You will read the answers aloud, using your communication skills to shine during the interview.
- After securing the job, I will handle all technical work, while you attend meetings.

## Ideal Candidate

**English Proficiency:** **Native**, (Dutch, German, French or Spanish: **Native Big Plus**)

**Experience:** **3+ years in software development** (web development, frontend, or backend experience preferred).

## Key Points in This Position

- **Flexible Hours:** Only a few hours per day required.
- **Strong Support:** Full technical guidance provided throughout.
- **Earn Extra:** Receive **\$500 - \$1,000 USD** monthly.
- **Gain Experience:** Learn about the European and US job markets.
