- Vue
- Angular
- Next.js
- Node.js
- Express.js
- MongoDB
- MySQL
- TypeScript
- API Integration
- Bootstrap
- Sass
- Redux

Experience

Akamon Entertainment
Full Stack Web Developer
01/2021 - 10/2023

- Collaborated closely with back-end developers to seamlessly integrate RESTful API endpoints into front-end architecture, ensuring smooth data exchange and optimal performance.
- Designed, developed, and maintained responsive websites and web applications using HTML, CSS, JavaScript, and various frameworks such as React.js, focusing on user experience and accessibility.
- Automated image optimization using Grunt and implemented minification techniques for JS and CSS, resulting in up to 30% reduction in page load times and improved site performance.
- Conducted thorough code reviews and implemented best practices to ensure code quality, maintainability, and scalability of web projects.

- Stayed abreast of emerging technologies and industry trends, continuously enhancing skills and exploring innovative solutions to enhance web development processes.

Talgo | Spain
Senior Frontend Developer
03/2019 - 03/2021

- Developed and implemented easy-to-use APIs for seamless third-party integrations, significantly enhancing the functionality and interoperability of existing applications while maintaining optimal performance and robust security measures.
- Leveraged NodeJS, along with ORM and both SQL and NoSQL databases, to design, develop, and manage database systems, ensuring efficient data storage, retrieval, and management processes.
- Designed and developed responsive websites compatible with all devices, incorporating interactive features and utilizing various frameworks to enhance user experience and engagement.
- Spearheaded the migration of the legacy company website to modern technologies including AngularJS, Sass, HTML5, and JavaScript, facilitating improved performance, scalability, and maintainability of the web platform.
- Collaborated closely with cross-functional teams including developers, designers, and project managers to ensure alignment with project requirements, timelines, and quality standards throughout the development lifecycle.

Education and Training

University of Almeria | Spain
Master of Science in Computer Science
03/2020

Personal Information

Title: Full Stack Developer

Languages

- English, Full Professional Proficiency
- Spainish, Native or Bilingual Proficiency

Accomplishments

- Exceeded targets in project management
- Earned leadership roles
- Co-authored a best-selling book on web development
- Spearheaded a brand logo project

Certifications

- Certified Full Stack Web Developer
- Agile Certified Practitioner (PMI-ACP)
- Licensed to use various development tools and technologies
- Completed courses in project management

Languages

Spanish: First Language
English: B2

Upper Intermediate (B2)

Activities and Honors

- Urban gardening
- Volunteering at local community events
- Exploring new hiking trails
- Experimenting with new recipes in the kitchen
- Immersing myself in the world of ethical fashion
